Following are guidelines for locations separate from domestic winery premises, under RCW 66.24.170(4).

- Wineries are allowed two additional locations off their winery premises for sampling and selling wine of their own production.
- Any person selling or serving wine by the glass, of their own production, at an additional location for on-premise consumption must obtain a class 12 alcohol server permit.
- Serving of tastings provided without charge to customers (must be wine of own production) are not subject to taxes under WAC 314-19-010(3). Sale of wine by the glass or bottle is subject to taxes under WAC 313-19-015.
- No wine production or distributing is allowed at the additional location. Only your own product can be sold and/or consumed.
- All outside areas of these secondary locations must have written approval obtained from the WSLCB Licensing Division.

I have received information on the above subjects and I am aware of the basic liquors laws covering the operation of my business. I understand I am responsible to operate my business in compliance with liquor laws and regulations.
